

Physical Connections:-

1 Types of mediums?

- * Radio Frequency $\rightarrow$ wireless [GSM]
- * Electrical Signal $\rightarrow$ copper [production]
- * Light Signal $\rightarrow$ fiber optic cable [backbone area network]

2 write down switch 8-Pin?

1 $\rightarrow$ +R

2 $\rightarrow$ -R

3 $\rightarrow$ +T

4 $\rightarrow$ +V

5 $\rightarrow$ -V

6 $\rightarrow$ -T

7 $\rightarrow$ x

8 $\rightarrow$ x

3) connect utp cable between two devices?

Router

1 $\rightarrow$ +T

2 $\rightarrow$ -T

3 $\rightarrow$ +R

4 $\rightarrow$ +V

5 $\rightarrow$ -V

6 $\rightarrow$ -R

7 $\rightarrow$ x

8 $\rightarrow$ x

PC

1 $\rightarrow$ +T

2 $\rightarrow$ -T

3 $\rightarrow$ +R

4 $\rightarrow$ +V

5 $\rightarrow$ -V

6 $\rightarrow$ -R

7 $\rightarrow$ x

8 $\rightarrow$ x

4) Explain Auto mix?

Explain Auto mdix?

* Auto mdix is a Network interface Feature that automatically detects the Required cable connection type (like, Straight or cross over) and configures that Port's transmit and Receive Pair accordingly.

5) Explain ROE injector?

6) Explain POE Switch?

7) Explain types of NIC & function?

Types of NIE:-

2+ 8 wired — { UTP
up 4 Fiber

✓ ~~A~~ Wireless $\rightarrow$ RF

* NIC standard for $\rightarrow$ Network interface Card

* It contains both mac & IP address. It's a hardware (physical)

Functions of Nic:-

* It is used to convert Binary signal to electrical & electrical signals into Binary. Similarly convert binary to wire less signal (radio) & Radio frequency to binary.
